

College Anthem

Young as we are looking up to life
The aims we have set are high
We go forth to the world to serve
We are reaching for the sky
Enter to learn, go forth to serve
And serve with pleasure, one and all

Health and joy we spread around
We strive towards our goals
We show the world our worth and might
We're not just wandering souls
Enter to learn, go forth to serve
And serve with pleasure, one and all

Founded 1954

We'll never give in to whims and follies
We are true to the end
We'll change with changing seasons and times
We're in with every trend
Enter to learn, go forth to serve
And serve with pleasure, one and all
Enter to learn, go forth to serve
And serve with pleasure, one and all
